## Health Maintenance Organization (HMO)

HMOs give you access to a network of doctors and hospitals, but restrict services to in-network providers only. HMO participants must choose a contracting medical group and primary care physician (PCP) to provide or coordinate their healthcare services. If you require specialty care, an outpatient procedure, or a hospitalization, you must receive a referral from your PCP. There are no out-of-network benefits.

# Medical Insurance | BlueCross BlueShield

## Preferred Provider Organization (PPO)

A PPO plan offers the freedom to receive care from any in or out-of-network doctor, specialist or hospital without a referral. Once the applicable deductible is met, coinsurance (or the cost share between you and the carrier) kicks in. The types of medical services that accumulate towards your deductible are inpatient hospital stays, outpatient surgeries, labs (blood work) and x-rays (MRIs, PET scans, CT scans, etc.). Prescription drug copays do not accumulate toward your deductible or overall out-of-pocket maximum.

Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible. The deductible does not accumulate toward the out-of-pocket maximum.

## High Deductible Health Plan (HDHP) with Health Savings Account (HSA)

The HDHP is a PPO plan that provides health care benefits after the applicable deductible has been met. You pay the full cost of services prior to meeting your annual deductible with the exception of preventive care. Once the deductible is met, services will be covered by the plan coinsurance until the annual out-of-pocket maximum is met. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay. Services are covered at 100% once the out-of-pocket maximum is met.

A Health Savings Account (HSA) is a bank account paired with your HDHP allowing you to set aside money on a tax-free basis to pay your out-of-pocket qualified medical, dental, and vision expenses throughout the year or in the future. You own the money in your HSA account and it is yours to keep – even when you change plans or retire. The funds roll over from year to year to be used when needed.

### **Preventive/Wellness Exams Covered at 100%**

- Preventive care is one physical exam per year per enrolled member.
- Females get an annual well-woman exam covered at 100% in addition to their annual physical exam.
- No out-of-pocket costs apply - these exams are fully covered *as long as your physician codes them as preventive.*

### **Prescription Drugs**

- Ask your doctor if there's a generic version of any medication you're currently taking or being prescribed.
- Take advantage of the Prescription Savings Programs at major retailers.
- Ask about free samples from your doctor and/or manufacturer rebates.

### **High Cost Scans, X-Rays & Tests**

- MRI, PET scans, CT scans, etc. are less costly at in-network free-standing imaging centers than at hospitals.
- When possible, compare cost options prior to scheduling your necessary services.

### **Emergency Room Alternatives**

The ER is a costly experience for issues that aren't true emergencies. Below are alternatives that can offer quick care at a more affordable cost.

- Doctor's office: for non-life threatening symptoms, call and let them know your symptoms require immediate attention.
- Convenient Care Clinics: use when you don't have a primary doctor or can't get an appointment. Good for fever, sore throat/strep, coughs/congestion, sports physicals, UTIs, etc. Visit [cvs.com](http://cvs.com) or [walgreens.com](http://walgreens.com) to find a clinic near you.
- Urgent Care: less costly than the ER and can treat sprains/strains, minor breaks, mild asthma, minor infections, rashes, small cuts, burns, etc.

# Dental Insurance | BlueCross BlueShield

## Dental Preferred Provider Organization (DPPO)

The DPPO allows the flexibility to use any dentist, in or out-of-network. Staying in-network will allow your annual maximum to last longer. If you visit a dentist out-of-network, you may be responsible for paying the bill at the time of service and receiving reimbursement later.

Dental coverage focuses on preventive and diagnostic procedures in an effort to avoid more expensive services associated with dental disease and surgery. The type of service or procedure received determines the amount of coverage for each visit. Each type of service fits into a class of services according to complexity and cost. We recommend you request a predetermination of benefits for major services.

### Preventive:

- Annual cleanings
- Bitewing X-rays
- Space maintainers
- And more

### Basic:

- Fillings
- Root canals
- Oral Surgery
- And more

### Major:

- Bridges
- Inlays, Onlays, Crowns

# Flexible Spending Account (FSA) | American Fidelity

## Plan Year: January 1 to December 31

Flexible Spending Accounts (FSA) allow you to set aside money on a pre-tax basis to pay for qualified medical expenses and/or dependent care expenses you may incur throughout the year. The money you put into your FSA is done so on a pre-tax basis. This means you are lowering your taxable income and also not paying taxes when the money is used for qualified expenses.

### Health Care FSA—Not eligible for members contributing to a HSA account

You may contribute up to \$3,300 per plan year to pay for qualified expenses for yourself and eligible family members. Funds in this account can be used to cover eligible expenses on your tax dependents, even if they are not enrolled in your health care plan. Your contribution cannot be changed mid-plan year unless you experience a qualifying life event. Eligible expenses include medical and dental plan deductibles and copays (if applicable), orthodontia expenses not covered by your dental plan, prescription drugs, prescription eye glasses and contact lenses, Lasik eye surgery and much more.

### Dependent Care FSA

You may contribute up to \$7,500 per plan year to pay for qualified eligible dependent care expenses. Funds in this account are saved on a tax-free basis.

FSAs have a use-it-or-lose-it provision, so be conservative when electing how much to contribute. The Health Care FSA and Dependent Care FSA may have grace periods or allow rollover amounts. Please confirm with your HR representative.
